#### **1.4 YEAR 2023 FISCAL FRAMEWORK**

The fiscal framework was premised on the projected aggregate resources available to Government to implement its projects/programmes within the fiscal year, which are functions of some macroeconomic assumptions stated as follows:

<b>ASSUMPTION</b>	<b>AVERAGE %</b>
i. National Inflation	- 17.16
ii. National Real GDP growth	- 3.75

#### **1.5 METHODOLOGY**

The methodology adopted in the production of the year 2023 Mid-Year Budget Implementation Appraisal Report draws from a number of inter-related approaches, which are template design, data collection, desk review and analysis to justify budgetary resource allocation and expenditure. Data were collected through the administration of uniform templates in line with M&E Framework. These primary level data were

collected from all MEDAs and validated from the Office of the Accountant General and the State Internal Revenue Service.

## **1.6 LIMITATIONS**

The major limitation encountered during the preparation of this report was on late submission of returns. Some MEDAs did not meet the deadline to which they were expected to submit their returns, which gave unnecessary burden to the department in meeting the timeline for production of the report.

## **RECOMMENDATIONS**

- i. The revenue generating agencies should be encouraged to improve on the current internally generated revenue performance.
- ii. Measures should be put in place to ensure that grants and credits proposed in the year 2023 Appropriation are accessed maximally to boost Budget performance.
- iii. More efforts should be geared towards attracting Development Partners and Donors to the State so as to complement the financing of the various developmental projects in the State.
- iv. The State should continue to prioritize implementation of developmental programmes/projects that will stimulate economic activities.
- v. Capital Budget implementation should be given more attention in subsequent quarters.

### **4.3 CONCLUSION**

The Budget performance for the year 2023 Mid-Year increased when compared to the corresponding period in the previous year's budget performance despite the increased budget size. Revenue performed at 72.1% while expenditure performed at 60% in the period under review. The 28% Revenue and 40% Expenditure Budget performance variances fall far below the fifteen 15% Budget Implementation variance recommended under the State Fiscal Transparency Accountability and Sustainability (SFTAS) programme. Therefore, measures should be taken to significantly improve Budget performance for both revenue and expenditure in the subsequent quarters, in order to reduce budget variance to less than fifteen (15) percent at the end of the 2023 fiscal year.
