CHAPTER ONE

1.1 INTRODUCTION

The year 2023 Budget themed Budget of Shared Prosperity was designed to stimulate and broaden the prospect of the State's economy for sustainable development and prosperity of our State and people.

The year 2023 Third Quarter Budget Implementation Appraisal Report provides insight into the Ondo State Government's Revenue and Expenditure trend from January to September, 2023. It also presents an overview of Budget implementation activities and a brief analysis of the macroeconomic context within which the year 2023 Budget was crafted.

1.2 OBJECTIVES OF 2023 BUDGET

The key objectives of 2023 Budget are to:

- i. attain financial resilience and sustainability through efficient, effective and sufficient revenue mobilization and administration;
- ii. optimize resource inflow in order to expand the fiscal space, nationally and internationally;
- iii. adhere to development policies and ensure fiscal discipline;
- iv. sustain human capital development through job creation and social service delivery;
- v. safeguard lives and livelihood in a secure environment;
- vi. stimulate rural economy and ensure shared prosperity; and

- vii. increase effective and efficient healthcare delivery.

1.3 STRATEGIES FOR ACHIEVING THE OBJECTIVES OF YEAR 2023 BUDGET

The strategies to achieve the objectives of the year 2023 Budget among others are:

- i. Intensifying efforts on Independent Revenue Initiatives through automation and expanding the tax net through evidence-based tax administration.
- ii. Stimulating robust partnership and harnessing the public, corporate and private individual grants to boost the State's resources.
- iii. Leveraging Donor and Development Partners' Support in funding key Intervention Programmes.
- iv. Ensuring efficient public financial management through effective prioritization of policies and programmes in order to achieve development goals.

1.4 YEAR 2023 FISCAL FRAMEWORK

The fiscal framework was premised on the projected aggregate resources available to Government to implement its projects/programmes within the fiscal year, which are functions of some macroeconomic assumptions stated as follows:

ASSUMPTION	AVERAGE %
i. National Inflation	- 17.16
ii. National Real GDP growth	- 3.75
iii. Oil price Benchmark/barrel	- 70.00
iv. Oil production Benchmark	- 1.690 mbpd
v. USD Exchange Rate	- 432.57

1.5 METHODOLOGY

The methodology adopted in the production of the year 2023 Mid-Year Budget Implementation Appraisal Report draws from a number of inter-

related approaches, such as template design, data collection, desk review and analysis to justify budgetary resource allocation and expenditure. Data were collected through the administration of uniform templates in line with M&E Framework. These primary level data were collected from all MEDAs and validated from the Office of the Accountant General and the State Internal Revenue Service.

1.6 LIMITATIONS

The major limitation encountered during the preparation of this report was on late submission of returns. Some MEDAs did not meet the deadline to which they were expected to submit their returns, which gave unnecessary burden to the department in meeting the timeline for production of the report.

CHAPTER FOUR

OBSERVATIONS, RECOMMENDATIONS AND CONCLUSION

4.1 OBSERVATION

The following are the observations from the year 2023 Third Quarter Budget Implementation Appraisal:

- i. The revenue side of the budget performed at 85.6% for third quarter while the cumulative revenue performance as at September, 2023 was 76.8%.
- ii. Revenue receipt from the Federation Account as at September, 2023 was ₦115.461 billion representing 131.3% performance.

- v. The share of Internally Generated Revenue to total actual Revenue was 16%, Revenue from Federation Account was 73% while the share of Revenue from Other Sources was 11% as at September, 2023.
- vi. Grants and credits accessed as the September, 2023 decreased when compared to the amount accessed at the same period in the year 2022.
- vii. The Expenditure side of the Budget performed at 69.9% for third quarter while the cumulative expenditure performance as at September was 63.1%.

4.2 RECOMMENDATIONS

- i. The revenue generating agencies should be encouraged to improve on the current internally generated revenue performance.
- ii. Measures should be put in place to ensure that grants and credits proposed in the year 2023 Appropriation are accessed maximally to boost Budget performance.
- iii. More efforts should be geared towards attracting Development Partners and Donors to the State so as to complement the financing of the various developmental projects in the State.
- iv. The State should continue to prioritise implementation of developmental programmes/projects that will stimulate economic activities.
- v. Capital Budget implementation should be given more attention in fourth quarter.

4.3 CONCLUSION

The Revenue and Expenditure performed at 76.8 and 63.1% respectively in the period under review. However, the performances show that the Budget variance still fall far below the 15% recommended Budget Performance variance under the State Fiscal Transparency Accountability and Sustainability (SFTAS) programme. Therefore, drastic measures should be taken to significantly improve Budget performance in the fourth quarter, in order to reduce budget variance to less than fifteen percent at the end of the 2023 fiscal year
